## Introduction

With the foldable Compact 6 HD Speech Dock accessory, you can comfortably make a snapshot of a full page, and the Compact 6 HD Speech will read the text to you.

1. Bottom Plate
2. Back Stand
3. Docking Platform
4. Cut-out for camera and lights
5. USB Connection
6. Speaker
7. Speaker On/Off Button

Unfolding the Speech Dock

Hold the Back Stand and Docking Platform with one hand, and the Bottom Plate with your other hand.

Lift and unfold the Back Stand until it comes in an upright position, then slide it down to lock into place.

Bring the Docking Platform upward to a horizontal position.

Gently push it down into the Back Stand to secure.

Folding the Speech Dock

Gently lift the Docking Platform about 1 cm to unlock.

Guide the Docking Platform into a vertical position.

Hold the Docking Platform and Back Stand in one hand and gently lift them about 1 cm to unlock.

Guide them down while holding the Docking Platform against the Back Stand so it forms a compact package.

Using the Compact 6 HD with the Speech Dock

Place the Speech Dock in front of you with the Back Stand facing backwards.

Place the Compact 6 HD Speech on the top with the screen facing up.

The Compact 6 HD Speech is placed correctly when the camera and lights are aligned with the cut-out in the top.

The white Scan Button and USB Connector should be facing towards you.

Positioning documents

To correctly place a document, make sure it is in portrait orientation.

Align the bottom left corner of the document with the bottom left corner of the Bottom Plate.

The document should lay flat on the Bottom Plate, and should not be placed on the part of the Bottom Plate that's angling upward.

When placed correctly, the Compact 6 HD Speech can capture a full page in portrait orientation.

Connecting the cables

Insert the USB Cable at the Docking Platform into the Compact 6 HD Speech USB port to charge the Compact 6 HD Speech and to connect the speaker.

Insert the Compact 6 HD USB charger at the Back Stand into the USB charging Connection.

Charging and Audio

When the Speaker Button is switched on and the Audio Cable is connected, the audio is turned on and sound will come from the Speaker.

When the Speaker is switched off, the Compact 6 HD Speech will charge.

The Compact 6 HD Speech does not charge when the speaker is on.
